

PATENTED, PISTOL GRIP

FILAMENT TAPE HAND DISPENSER

When it comes to manual carton sealing applications, being armed with a quick, easy-to-use tape applicator is critical. That's why Shurtape has added the FT 36 filament tape hand dispenser to its manual case sealing offering.

FT 36 is a first-of-its-kind filament tape hand dispenser crafted for manual strapping tape applications, including L-Clip and C-Clip tape sealing, strapping, bundling and palletizing jobs. The patented, hand-held dispenser is designed with a pistol grip for comfort and ergonomics in repetitive use applications, and delivers improved wipe-down force and consistent, quick cutting – even of the strongest glass fiber filament tapes in the industry – for ease of use in a variety of industries.

PATENTED, PISTOL GRIP

FILAMENT TAPE HAND DISPENSER

FT 36 is a convenient, easy-to-use filament tape dispenser that features:

- Patented “push to cut” action for a smooth and consistent cut
- Innovative tape hub, which accommodates and centers 18 mm, 24 mm and 36 mm width tapes* but can also be used with narrower sizes
- Improved wipe-down force as tape is applied to produce tamper-evident case seals
- Ergonomic design for comfortable, repetitive use
- Retractable/pivoting safety blade to shield users from accidental contact
- Visible tape length indicators to provide tab length control and reduced tape consumption
- Visible markers to offer single-strip, straight taping guidance

For best performance, use FT 36 with Shurtape GS Series filament tapes:

GS 490

Economy grade fiberglass reinforced strapping tape for light duty strapping, packaging, bundling and palletizing applications. GS 490 offers good adhesion, quick stick and shock resistance for a range of tasks.

GS 500

Utility grade fiberglass reinforced strapping tape for general purpose strapping, packaging, bundling and palletizing jobs. Offering high adhesion and a backing that resists splitting and cracking, GS 500 tackles a variety of jobs with ease.

GS 501

Industrial grade fiberglass reinforced strapping tape for strapping, packaging, bundling and palletizing applications. GS 501 is designed for medium duty jobs, offering an aggressive adhesive and durable backing that won't delaminate, split or crack.

GS 521

High performance grade fiberglass reinforced strapping tape for heavy duty closing, strapping, packaging, bundling, unitizing, palletizing and L-Clip applications. GS 521 offers high tensile strength and good adhesion, quick stick and shock resistance to hold strong against the distribution network.

GS 531

Premium grade fiberglass reinforced strapping tape for heavy duty closing, strapping, packaging, protecting, bundling, reinforcing, sealing, unitizing, palletizing and L-Clip applications that demand maximum security. With a durable polyester backing that resists tearing, GS 531 is made to withstand the rigors of the distribution network.
