

SECUR-ID™ PRE-DECON KITS

Greenwich Safety's **SECUR-ID™** pre-post decon kit is the most complete, easy to use decon kit available today. The kit ensures safety & dignity for each individual, while securing their personal belongings.

In some cases, additional pre-decon kits are needed to process additional property, while ensuring the individual's belongings are secure & traceable. In those incidents, the **SECUR-ID™ Pre-Decon Kit** is the answer.

The **SECUR-ID™** Pre-Decon Kit comes in three sizes – youth, adult & large adult – containing a red “pictogram” package. The pictogram will walk the individual through the pre-decon or initial triage process.

The **SECUR-ID™** pre-decon kit includes:

- Step-by-step pictogram instructions
- Red modesty cover
- Two (2) property bags (small for valuables and large for clothing & shoes)

The **SECUR-ID™** pre-decon kit's patented, tamper-evident technology ensures the person's belongings are sealed in bags with unique identifying serial numbers, thus guaranteeing that a person's clothing and valuables will be securely stored and tracked.

Greenwich Safety's **SECUR-ID™ Pre-Decon kit** provides a clear, concise and secure means of helping people through incident or hospital processing, while limiting the opportunity for lost possessions.
