## MOUNTING INSTRUCTIONS

Hold the cabinet against the mounting surface and install correct mounting hardware through all four mounting holes:

- For wall studs, use #10 x 1 1/4" wood screws
- For sheetrock, mount a 3/4" wooden board (not included) to the wall first using 3/16" toggle bolts. Make sure the board extends at least 2" beyond all sides of the cabinet. Mount the cabinet to the board using #10 x 1" wood screws.
- For cinderblock or cement, use 1/4" toggle bolts or #10 masonry lead screw expansion anchors
- For concrete or tile wall, use #10 masonry lead screw expansion anchors.

NOTE: wood screws, toggle bolts, masonry anchors and other mounting hardware not included.
