HY-G1-ECO

Just Manufacturing® introduces our all **NEW** portable, ENVIRO series hand wash sink, constructed of heavy duty 16 and 18 gauge stainless steel. Can be configured as single or dual work stations. These units are self-contained from start to finish including water from storage tanks below, sensor activated soap dispenser, auto dispensed paper towel to be disposed in the convenient side garbage receptacle.

These are made for indoor and outdoor use. Our "On the move . . . to the location you need" comes to life in our all sensor HY-G1-TP unit or the just as durable but pared-down HY-G1-ECO. Either model can be utilized within school locations such as gymnasium, classrooms, hallways, cafeteria, outdoor sporting areas and other locations where accessible water is limited and hands-free cleanliness is a must.
