About ADAM:
For more than 45 years, professionals worldwide have relied on Adam Equipment for an extensive selection of dependable and affordable weighing equipment. Adam provides the right balance of speed, performance and value.

Cruiser Bench Checkweighing Scales

The Cruiser is a durable, versatile tool for industrial counting and weighing needs. Ideal for inventory control tasks or checkweighing during packaging processes, Cruiser can help reduce waste and eliminate overages. Backlit display changes color to show if a sample is under, over, or within the preset limits. Store and recall up to 100 product lookups or piece weights to improve efficiency in production or warehouse applications. Designed to be tough, the Cruiser features ABS housing, stainless steel platform, non-slip feet and load cell protection.

Powerful Performance for Industrial Applications

### Key Accessories

**ATP thermal printer**
Easy-to-use features combined with quick set-up equals a truly versatile thermal printer. A single push-button feed key and three easy-to-read LED indicators make operation simple.

**AdamDU data collection program**
Adam DU software connects a balance to the laboratory network, helping to achieve seamless data collection, transfer and analysis. DU features an easy-to-use interface with a main command window, allowing users to quickly collect information from up to eight Adam balances simultaneously using RS-232 or USB connections.
