

Make sure your business really STICKS to a floor safety program!

Our XSMB Mat is an industry standard absorbent mat featuring with a sticky backing helps to keep this matting in place, but also allows for easy removal or replacement when no longer needed.

Highly Absorbent

Great absorbency combined with high durability. It's also fast drying and easy to clean. The XSMB mats absorb oil, water and solvents at the same time.

Stays Where You Place it!

Our adhesive backing holds the mat where you place it! The XSMB mat will stay put when applied to a clean surface.

Xtra Tough

Being heavy weight, it withstands both foot traffic and forklift traffic without shifting, rippling or bunching.

Goes anywhere you need it!

Its easy cut and apply so it fits into all types and shapes and work surfaces. From Industrial/Manufacturing, Machine Shops, Construction and Auto Repair, to Food Service, Grocery, Restaurants, Car Dealerships, Entryways and more, the applications are endless!

Adhesive Backed Matting

Adhesive backing helps keep matting in place.

Part #	Roll Size	Absorbency (gal)	Weight (lbs)	Rolls/Pallet	MSRP
XSMB3650	36" x 50'	12.5	12	30	\$162
XSMB36100	36" x 100'	25	24	20	\$271
XSMB1850	18" x 50'	6.25	6	60	\$85
XSMB18100	18" x 100'	12.5	12	40	\$155

Xtra Sticky Adhesive Floor Mat

Perfect for any Facility

FOODSERVICE

Dries fast! Even in areas where water can drip or accumulate

Stays put even when wet!

Perfect for entry ways, especially in wet weather

RETAIL/EDUCATION

Helps prevent slipping and falling near restroom sinks and drinking fountains

Protect flooring by keeping debris from tracking into new construction and open houses

Replace costly rental mat services with an inexpensive and disposable option

INDUSTRIAL

Keep your work space clean! Absorb oil, water-based liquids, paints and solvents where they are used before you track through your facility

Stays in place anywhere: warehouses, plant floors with heavy forklift, pallet jack, and foot traffic

Use in aisleways to avoid employee slips, trips, and falls
