

Barricade Jackets

Turns Barricades Into Billboards

Barricades are typically used to manage large crowds where exposure of logos or promotional messages has a major impact. Jackets are an ideal way to turn your barricades into high impact billboards. The large size of a barricade makes it an ideal medium to display large, highly visible logos and messages for your company or event sponsors. Made from heavy duty vinyl our jackets are weather resistant, durable and available in a wide range of colors. The jackets can be screen or digitally printed in an unlimited number of colors and can be supplied to fit all brands of barricade.
