## Mobile Instrument Stand Assembly Instructions

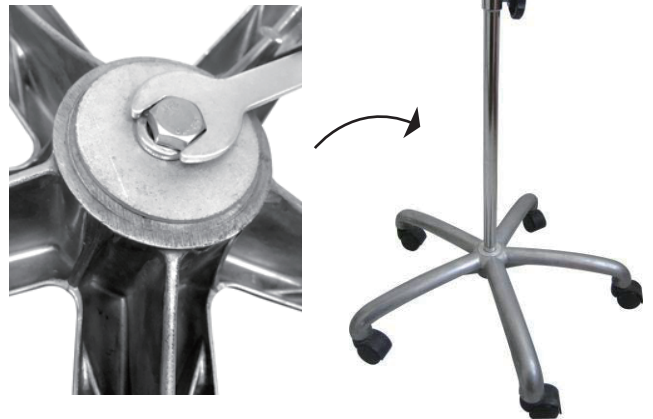

### Step 1

Put Outer Tube (2) into Base (1)

Place washers; small (6) then Large (7)  
on to the Base (1).

Thread the Hexagonal Bolt (8) into the  
washers (6, 7) and Base. (1)

Tighten the Hexagonal Bolt (8) using the wrench (10).

### Step 2

Insert the Plug End of the Inner Tube (3) into  
Outer Tube (2).

Adjust height of Inner Tube (3) and tighten  
knob.

### Step 3

Thread the Hexagonal Screw (9) through the  
center hole of the

Tray Frame (5) and into the Inner Tube (3).

Tighten Hexagonal Screw (9) with the Allen  
Wrench (11)

Put the Tray (4) on the completed frame.
