

3420

SWIVELING GLOVE CLIP HOLDER WITH DUAL CLIPS

The Squids® 3420 Swiveling Glove Clip Holder with Dual Clips secures gloves and other gear, so you can keep what you need ready. The patent-pending design with a swiveling link allows free rotation without binding and enables one end to safely separate in case of emergency.

Features

- **KEEPS GEAR CLOSE** – Holds gloves, keys, PPE, towels and more
- **TWO STRONG CLIPS** – Connects to clothing, belt loops, tool belts, d-rings and more
- **SWIVELING DESIGN** – Prevents the grabber and gear from getting bound up
- **DURABLE** – Acetal copolymer and thermoplastic polyurethane materials are non-conductive and temperature resistant
- **PATENT-PENDING BREAKAWAY DESIGN** – For safety around moving parts
- **PREVENTS DROPPED OBJECTS** – Reduces injuries and damage
