

# NEW PRODUCT

Large 9 in. spinner spreads up to 24 ft.

Hopper screen stops clogs

Hopper cover keeps material dry

## WALK BEHIND BROADCAST SPREADER FOR USE WITH ICE MELT & BAGGED SALT

- 100-pound capacity poly hopper that won't rust
- Fully welded powder-coated carbon steel frame
- Enclosed gear box shields commercial grade alloy gears from weather, rust, and cold
- Spreads up to 24 ft with three adjustable poly deflectors for complete control
- Material flow is regulated by a simple lever
- Large 13 in. pneumatic tires provide stability over uneven terrain
- Removable hopper screen to keep material flowing smoothly and minimize clogging
- Includes hopper cover to keep material dry
- Out of the box & ready to spread in minutes

**Available 3rd Quarter 2019!**
