

Healthometer®

Professional

- Easy to Use**
Lockable headpiece and clear indicator allow the user to quickly and easily read the height measurement.
- Adjustable Measuring Range**
With a range of over 55 inches, users can select a measuring range that suits their practice, whether they care for children or adults.
- Wall Mount Design**
Installs easily and quickly with simple tools and provided hardware.
- Durable Construction**
High strength polymer height rod resists bending and ensures that the headpiece slides smoothly.
- Choice of Units of Measurement**
Double-sided measuring tape enables users to choose centimeters only or feet/inches/centimeters.
