Privacy Divider Panels

Steel divider panels are a durable and easy to clean solution to create division between work stations. These divider panels help transition previously open offices into socially distant places of work, and retrofit onto most existing work surfaces. Because our divider panels can attach multiple ways, they allow for either a permanent fixture to a surface or a removable option.

 **Allows for flexible arrangement**

 **Quick ship & easy assembly**

 **Easy to clean solid surfaces**

- Divides workstations and helps social distancing between coworkers.
- The 20" height provides added protection.
- Panels fit on work surfaces between 24"-30" deep and 60"-72" wide.
- Painted steel surface is non-porous and easy to clean and disinfect.
- Durable single piece construction for easy installation.
- Panel can be mounted with screws for a permanent fixture or double sided tape as a removable option.
- All mounting hardware included.
- Magnetic surface can support additional accessories.
- Greenguard Gold Certified for indoor air quality.
- TAA Compliant.
- Limited Lifetime Warranty.

Privacy Divider Panel for 60" or 72" Wide Desks

Product Dimensions	20" H x 56" W x 2" D
Product Weight	19.4 lbs.
Packaging Dimensions	24" H x 62" W x 5.5" D
Shipping Weight	26.1 lbs.
	SKU #24492 - White

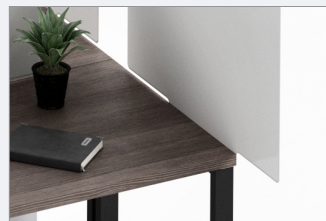

Maximum Height

Taller than typical privacy screens, Hirsh 20" high dividers are a more effective sneeze guard.

Cable Management

Notches on bottom of divider panels allow for cable and monitor arm pass-through.

Multiple Mounting Options

Dividers retrofit to almost any desk or benching systems:

- Mount permanently under surface
- Permanently on-surface
- Removable on-surface

Better Protection

Side panels can overhang on 24" desks or countertops for added protection on each side.
