

Ergonomic Scrubbing Brush

Series 4169

Hanging Hole

The easy hanging hole makes storage a breeze and allows water to drain

Ergonomic Handle

Handle makes the tool easy to apply pressure to efficiently without wasting effort

Stiff Bristles

Perfect for scrubbing difficult dirt and for wet use with cleaning agents

This brush with stiff bristles is fully color-coded and is great for scrubbing tables and equipment. The angled bristles allow you to easily clean in corners. The ergonomic grip makes the brush easy to use, and the hygienic design makes the brush itself easy to clean.

Ergonomic Scrubbing Brush

4169

Stiff bristles make the Ergonomic Scrubbing Brush an ideal option for scrubbing tough messes away, while the ergonomic handle makes it easy to apply pressure. The flared brush bristles easily reach into corners for a better clean.

The Color-Coding System

Remco and Vikan® brands offer an integrated color-coding system to help mitigate the risk of cross-contamination in food processing facilities. With an array of color-coded tools and storage brackets, and years of experience building effective color-coding systems, the experts at Remco Products Corporation can help you effectively apply color-coding to divide and identify different zones or processing tasks. As a result, workers can more easily comply with material handling and hygienic cleaning procedures to maintain stringent food safety standards.

Please see the full-line catalog for a complete list of Remco™ and Vikan® products.
