

20" Double Blade Ultra Hygiene Squeegee

Series 7713

Fully Color-Coded

Squeegee body and blades are both color-coded for maximum in-facility traceability

Hygienic Euro Thread

Hygienically designed Euro thread prevents walk-off and is easy to clean

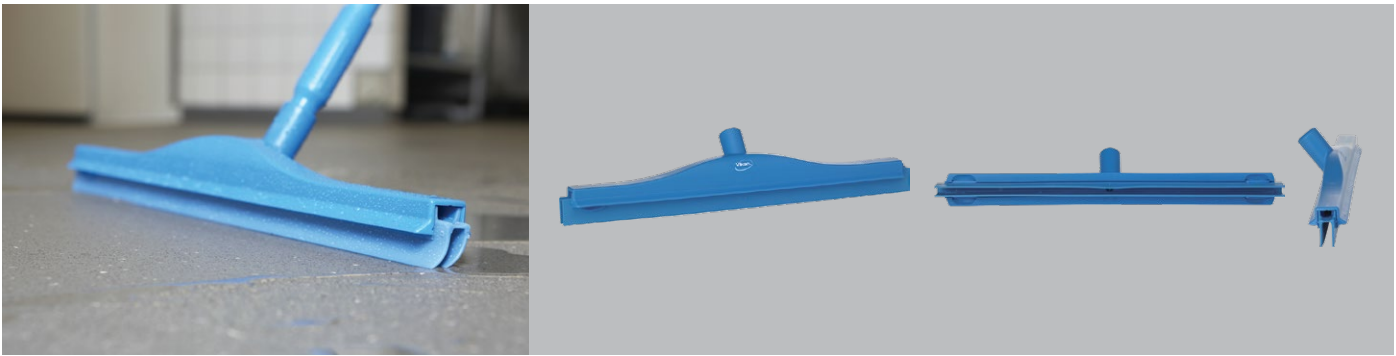

Replaceable Blade Cassette

Blades are replaceable (part 7733) to extend the overall life of the squeegee

Hygienic Rubber Blades

Made from extremely flexible rubber, these non-porous blades maximize efficiency

This floor squeegee is used for drying surfaces after a sanitizing process. The double-blade non-porous rubber design of this squeegee is effective in removing water from all types of floors, such as tiles, epoxy, and cement. The cartridge system blades can be removed for easy cleaning and replaced when worn out, making the model a very economical hygienic option. Replacement Squeegee Blade: Series 7733.

20" Double Blade Ultra Hygiene Squeegee

7713

The double rubber blades move water and debris more efficiently than a single-blade squeegee. The cartridge is replaceable to make the head more cost-effective. The hygienic design means fewer places for microorganisms to hide and multiply.

Specifications:

Length: 19.75"

Width: 3"

Height: 4"

FDA-Compliant Raw Material: Yes

Material: Polypropylene/Rubber

Unit Weight: 0.72 lbs.

Replacement Squeegee Blade: 7733

Colors

When ordering, add the color digit to the base part number to denote color.

The Color-Coding System

Remco and Vikan® brands offer an integrated color-coding system to help mitigate the risk of cross-contamination in food processing facilities. With an array of color-coded tools and storage brackets, and years of experience building effective color-coding systems, the experts at Remco Products Corporation can help you effectively apply color-coding to divide and identify different zones or processing tasks. As a result, workers can more easily comply with material handling and hygienic cleaning procedures to maintain stringent food safety standards.

Please see the full-line catalog for a complete list of Remco™ and Vikan® products.
