

Honeywell 7700 Series Half Mask

Product description

The Honeywell 7700 Series half mask is the most comfortable and durable half mask available. Its soft non-allergenic silicone seal provides excellent protection, comfort and fit. The half mask cradle suspension system allows the face piece to seal evenly on the face without creating pressure points. Its low profile gives workers a wide field of vision. Featuring low inhalation and exhalation resistance the 7700 Series makes breathing easier to reduce worker fatigue.

FEATURES

- No chance of latex allergens economy masks
- Only 9 replacement parts – and all parts are replaceable meaning they are quick and easy to strip down and clean
- latex free means No latex allergens & a safe for your workers with allergies
- Low “dead air” space means Less exhaled breath is re-breathed which encourages Increased worker productivity
- Strategic placement of exhalation valve allows more breath to be exhaled out of the mask faster leaving workers feeling cooler & more comfortable
- Variable thickness in sealing area means the nose area is flexible enough to conform to the bridge , it provides Superior comfort without sacrificing fit of the nose, but not too thin to collapse
- Built up chin area supports the mask, maintains fit even while the wearer is talking

APPLICATIONS

- Suits various applications requiring respiratory protection against various contaminants
