

This simple to use kit delivers a professional solution featuring a convenient, pre-portioned disinfecting cleaner on the EPA List "N".

A Professional Solution:

- Tested and confirmed 30-day efficacy once mixed and added to the wipes
- Features an EPA-approved, "N" listed disinfectant cleaner
- 5 minute kill claim for pathogens (emerging or otherwise)

Features:

- Can be used to clean and disinfect all hard surfaces, equipment, tools and more.
- Wipers easily absorb the cleaning solution while remaining durable to handle your daily cleaning needs.
- Reusable bucket has an airtight lid to keep your wipes saturated, avoid contamination and reduce staff exposure to the chemicals.
- Each coreless roll pulls from the center - perfect for feeding wipers through the kit's bucket lid.

- 6 Dry Wiper Rolls: 300 Airlaid Cellulose-Based Wipers (6.8" x 6") Per Roll
- 6 Bottles of Disinfecting Concentrate
- Instruction/OSHA Sheet
- Shipping Box: 13.3" x 20" x 7.6"
- 84 Cases (of 6 rolls) Per Pallet

Emerging Pathogens Claim:

Multi-Clean 128 E-FECTicide Disinfectant Cleaner (EPA registration No. 6836-365-5449) has demonstrated effectiveness against viruses similar to the 2019 Novel Coronavirus (SARS-CoV-2, the cause of COVID-19) on hard, non-porous surfaces. Therefore, Multi-Clean 128 E-FECTicide Disinfectant Cleaner can be used against the 2019 Novel Coronavirus (SARS-CoV-2, the cause of COVID-19) when used in accordance with directions for use against Norovirus on hard, non-porous surfaces.

This claim is based on compliance with product instructions and a 5-minute wet time.

Our Chemical Partner:

Quick Guide

Dilution 1:64 (1370 ppm quat minimum)

One 2 oz bottle makes enough for one Disinfecting Wipe Kit Pro (64 oz). Pour the entire mixture over the wipers (in the bucket) in a circular motion from the outside in to the center.

Uses:

For cleaning and disinfecting non-porous high touch surfaces. For heavily soiled areas, a pre-cleaning step is required. Professional grade disinfectant approved for use to disinfect against SAR-CoV-2, the cause of COVID-19. EPA Reg No. 6836-365-5449

Surfaces:

Use on any non-porous surface not harmed by water. Countertops, ceramic, painted metal, stainless steel, plastic, naugahyde, sealed wood.

Restrictions:

Use good safety practices when handling concentrated disinfecting solution. See SDS for further information.
