

Clinging Oven & Grill Cleaner

Professional formula cleans tough, greasy ovens, grill, exhaust hoods, fans and vents. Dissolves fats, oils, greases and carbonized soils and food deposits.

Super-cling foam clings to vertical surfaces for better cleaning results. Ideal for cleaning griddles, drip pans, rotisseries, fryers, broilers, waffle irons, stove burners and more.

DIRECTIONS

Read the entire label and SDS for proper use, handling and storage before using this product.

Application:

Oven Cleaning: Apply product to a cool oven. Spray on the sides and top of oven first, then to remaining areas. Allow product to work for a few minutes and agitate with a pad. Rinse with water or wipe clean with a damp cloth. Heavy deposits may require more than one application.

Grill Cleaning:

Remove excess grease and food deposits before cleaning. Apply to a cool grill and allow to work for a few minutes. Agitate with a pad and rinse with water or wipe clean with a damp cloth. Heavy deposits may require more than one application.

Hood & Vent Cleaning:

Remove excess grease and food deposits before cleaning. Spray directly on the surface and allow to work for a few minutes. Agitate using a pad and rinse with water or wipe clean using a damp cloth. Heavy deposits may require more than one application. Do not use on Aluminum Surfaces.
