

JetTrac Dual

JetTrac Shuttle Trac

JetTrac Wall-Mount

Providing instant safety for large areas.

The JetTrac™ Family of Products

Featuring the JetTrac Dual

- An instant barrier, with two belts that extend up to 65' for a total of 130 linear feet. Clearly defines safe zones for large areas!
- Solar-powered beacon on top of the unit makes it an ideal solution for low-light conditions.
- Swiveling belt mechanisms allow for belts to extend in any direction, minimizing belt abrasion.
- Belts are weather-resistant, anti-static.
- Tubing is available in choice of Red or Black.
- Optional reflective safety tape to provide increased visibility in low-light conditions.

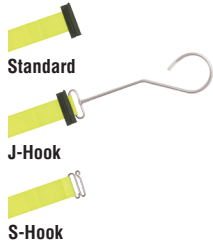

50-5500*

The JetTrac™ Family of Products

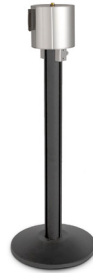

All JetTrac mechanisms come with 3 belt end options:

50-5500*

50-5520*

50-5510*

50-3055

JetTrac Shuttle*

- Stores and transports up to three JetTrac Satellite or Receiver posts for an instant barrier of up to 260 feet long!
- Shuttle carts quickly link together to form an easily pulled "train".
- Convenient storage even in tight places.
- One person can quickly deploy a large-area barrier where most needed.

JetTrac Satellite Post*

- Instantly add an additional 65' coverage into your safety zone.
- Works seamlessly with all of our JetTrac products.
- Conveniently stores and transports in our JetTrac Shuttle.

JetTrac Receiver Post

- Instantly add a belt receiver into your safety zone.
- Works seamlessly with all of our JetTrac products.
- Conveniently stores and transports in our JetTrac Shuttle.

JetTrac Wall-Mount*

- Create a convenient, always available barrier over an extended area with our swiveling wall-mount.
- As with all JetTrac products, belts are weather-resistant and anti-static.
