Wearing ill-fitting eyewear, or the wrong eyewear for the job, can contribute to sustaining eye injuries. While OSHA mandates employers assess their workplaces for possible hazards & provide the proper eyewear for each job, eye injuries still occur at alarming rates each day. In the event an accident should occur, causing dust, particles, or other matter to enter the eye, VisionAid™ offers emergency relief with our emergency eye wash products.

***It is Our Goal to Provide
Vision Care Products That
Exceed Expectations in All Markets
And
SUPPORT OUR CUSTOMER'S GOALS!***
