Description and Performance:

Sellstrom's Odyssey® II Industrial Goggles are offered with an indirect vented body. Indirect vent on the top and bottom of the goggle body provide air ventilation while protecting against liquids and dust which features dual UV absorbing polycarbonate lens. The outer lens is anti-scratch high impact resistant while the inner lens has an anti-fog clear coating. The flexible goggle ensures proper fit and can be used comfortably over most prescription glasses. Replaceable components are available. Needs to be stored at room temperature in a dry, cool place away from direct sunlight.
