S96110-6	KneePro III replacement straps and clips (kit)	4 of each

Description and Performance:

Sellstrom's KneePro Ultra Flex III knee pads have been the industry standard for more than 30 years. The articulating hinged design ensures proper placement all day long. The straps stay aligned with your legs in any position and will not bind behind the knee. Soft, elastic, extra-wide woven straps adjusted thru the quick snap clips ensure quick and easy removal. Replaceable components extend the life of the knee pads and lower cost of ownership.
