# TAKE A GANDER AT OUR GOOSENECK DOCK LIGHT.
WE CAN SUPPLY THAT.

Model No. 501301

Easy to install, built to last, and with a sleek, minimal design, this gooseneck dock light provides additional visibility in poorly-lit areas, making it ideal for use around machinery and loading areas.

FEATURES

- 180° rotation; one light covers two docks.

- 27" flexible stainless steel, no-sag arm.

- Polycarbonate head is impact-resistant and remains cool to the touch.

- ETL/cETL certified to UL-1598 & CAN/CSA-C22.2 No. 250.0.
