

The Sentinel Arm Chair

It has an EXTREME load capacity and designed to stand alone or be ganged together. The ergonomic design provides maximum comfort using rotational molding technology.

**10 Year
Warranty**

33H x 24W x 24D

FEATURES:

- Durable, one piece, rotationally molded design for increased strength. Constructed of high impact "no break" polyethylene. No steel or wood components.
- Can be used alone or be ganged together.
- Can be bolted together, in place, as well as to the floor via concealed pilot holes.
- Can be easily filled with sand through optional ballast door on site to weigh down. Secures with tamperproof screws.
- 1500 lb. static load.
- Resistant to stains. Easy to clean & maintain.
- Flame Retardant (passes Cal 133). Test reports available upon request.
- Manufactured to ISO Quality Standards in the USA.
