Installing the Dyson backplate

Where only unsupported plasterboard is available for installation, a Dyson backplate must be used. Fixing to unsupported plasterboard (drywall) without the aid of a Dyson backplate will not result in safe and secure installation for your machine, and may also invalidate your warranty.

If the wall you are fixing the machine to has an airgap, the fixings used must be of a sufficient length to provide a secure installation. Do not use sealant when attaching the machine to the wall.

The Dyson backplate helps protect the wall from water damage and can be used to cover holes/marks left from previously installed products.

Contact the Dyson Helpline for further information.

Construction

Stainless steel (brushed)

Back plate mounting bracket: Stainless steel – Brushed (304L)

Logistics

Net weight: 6.7 kg / 14.7 lbs

Packaged weight: 11.10 kg / 24.47 lbs

Packaged dimensions:

Height: 2 ¾ in (71 mm) x Width: 26 ¼ in (664 mm) x Depth: 51 in (1295 mm)

Standard warranty

5 year parts and limited labor warranty

UPC: 885609019628

Item Number: 970408-01
