WELDING EQUIPMENT

ESAB
AN ESAB BRAND

Since 1904, ESAB has been global leader in the production of welding and cutting equipment and consumables. They are a premiere global provider of innovative welding & cutting solutions for any fabrication job. And now, they are bringing these solutions to Global Industrial customers. Within the ESAB family of brands you'll find a wide variety of welding and cutting products and solutions, including:

VICTOR

Victor®, the leader in gas equipment. For more than century, Victor has a tradition of unparalleled safety, performance and reliability. Products include: Cutting, heating and welding outfits; handles, attachments, nozzles and tips; torches, regulators and flow meters, and more.

TWECO

Tweco®, the industry leader in arc welding torches and accessories. The popular choice for professional welders, Tweco products include: Air and water-cooled MIG guns, MIG consumables, electrode holders, ground clamps and accessories.

TURBOTORCH

Turbotorch®, the most respected name in brazing and soldering. TurboTorch's premium quality brazing and soldering products include kits, outfits, torches, tips, handles, hoses, gauges – just about everything you need for air-fuel, oxy-fuel and MAP-Pro/LP gas.

ARCAIR

Arcair®, the inventor of arc gouging and exothermic cutting. Arcair and SLICE are synonymous with the gouging and exothermic cutting processes. Product include: Manual torches and holders, gouging systems, carbon rods and the SLICE cutting system.

THERMAL DYNAMICS

Thermal Dynamics®, a pioneer in lightweight manual plasma cutting. Thermal Dynamics has a leading-edge solution for all your cutting needs, including: Manual and automated plasma cutting systems, high performance 1Torch and advanced, long lasting consumables.

ESAB

ESAB®, the world leader in welding, cutting and filler metals. ESAB offers a wide range of products spanning virtually every fabrication category. ESAB branded products include: Arc welding equipment, filler metals, PPE and a range of manual and automated solutions.

THE REBEL™ MULTI-PROCESS WELDERS BY ESAB

MODEL	MFG. PART NO.	DESCRIPTION
HPB2400407	0558012702	EMP 235ic Multi-Process Welder, 120/230V, 250A, 15' Cable, Single Phase
0558012702	0558102240	EMP 215ic Multi-Process Welder, 120/230V, 240A, 10' Cable, Single Phase

THERMAL DYNAMICS® CUTMASTER® 40

MODEL	MFG. PART NO.	DESCRIPTION
HPB2406192	1-4000-1	
DESCRIPTION		
Cutmaster 40, 20' SL60 Plasma Cutting System, 110V/240V, 350A - 400A		

ELECTRODES & HOLDERS

MODEL	MFG. PART NO.	DESCRIPTION
HPB2406192	91101103	Tweco - Tong A-732 Electrode Holder (300A, 2/0 MAX, thru 7/32) Copper Alloy, Clamshell
HPB2406176	55043230G0	ESAB - 7018-1 Prime, 1/8" Dia. x 14" D VacPac Low Hydrogen Electrodes, SMAW
HPB2400398	812000024	ESAB - Sureweld 6010 Mild Steel Stick Electrodes, Flux Coat, 1/8" Dia. x 14 x 5# VALP
HPB2400486	812000156	ESAB - Sureweld 6013 Mild Steel Stick Electrodes, Flux Coat, 1/8" Dia. x 14 x 5# VALP
HPB2400482	812000324	ESAB - Sureweld 7018 Low Hydrogen Stick Electrodes, Flux Coat, 5/32" Dia x 14" x 5# VALP
HPB2400424	255012056	ESAB - Atom Arc 7018 Acclaim, 1/8" Dia. x 14", 10# HSC, DCEP Polarity, Low Hydrogen Electrodes
HPB2406179	321M096700	ESAB - WELD 70S-6 .035" Dia. MIG Welding Wire, 33# Wire Basket, GMAW, Mild Steel
HPB2400389	321M096700	Tweco - 350A Spray Master .045" - 1/16" Air Cooled MIG Gun -15' Cbl; Connector
