CAT® PALLET POSITIONERS

641679

641680

PORTABILITY PACKAGE
641681

The Cat® lineup of pallet carousel skid positioners are your solution to reducing worker strain and risk of injury from lifting, bending, and stretching. Built for lasting durability, these skid positioners feature a tubular steel frame with a yellow powder coat finish and a steel deck with a full 360° rotation. The platform design allows operators complete access without reaching, while the reinforced Firestone rubber airbag or precision coil springs maintain a constant working height by lowering and raising the carousel as packages are removed or added.
