

3-TIER 9 DOOR WOOD LOCKER

**36"W X 15"D X 72"H, CHERRY,
BY GLOBAL INDUSTRIAL™**

Elevate the look & feel of your locker room or changing room with these wood lockers.

Wood lockers give any space a natural warmth that presents a more comfortable and welcoming tone than standard metal lockers, plus they are quieter when they close. What separates these lockers from the competition is the durable, moisture-resistant steel base. Typical wood lockers have a wooden base, which can warp, peel, or buckle when exposed to persistent moisture such as in gyms, clubs, or spas.
